## Big Lake!

Toledo Bend Lake is located in Louisiana and Texas on the Sabine River and forms a portion of the boundary between the two states. The reservoir is 65 miles in length and covers an area of 186,000 acres with 1,200 miles of shoreline. It is the largest man-made body of water in the South and the fifth largest in surface acres in the United States. It offers unlimited opportunities for fishing and recreational activities. ## OUTDOOR RECREATION

We have fishing and so much more! We boast two state parks, offering a wide variety of outdoor activities from hiking, biking, ATV and OHV trails to birding and nature watching.

**North Toledo Bend State Park** includes more than 900 acres of pine woodland with abundant waterfront accommodations and activities. The park has a nature trail, swimming pool and playground.

The park has 63 campsites with water and electrical hookups, plus ten rental cabins with fireplaces. A large group camphouse is also available – with five dormitories, a large bathhouse and a main kitchen/dining area.

The Visitor Center complex includes an Olympic-sized swimming pool, bathhouse, laundry and meeting room.

**South Toledo Bend State Park** is located on several small bluffs that extend over and into Toledo Bend Reservoir next to the Toledo Bend Dam on Highway 191. It offers scenic waterfront views from many vantage points. Visitors to the park can enjoy recreational activities such as hiking, cycling, camping, and Off-road Highway Vehicle trails. For bird enthusiasts, this area is a common nesting ground for the bald eagle.

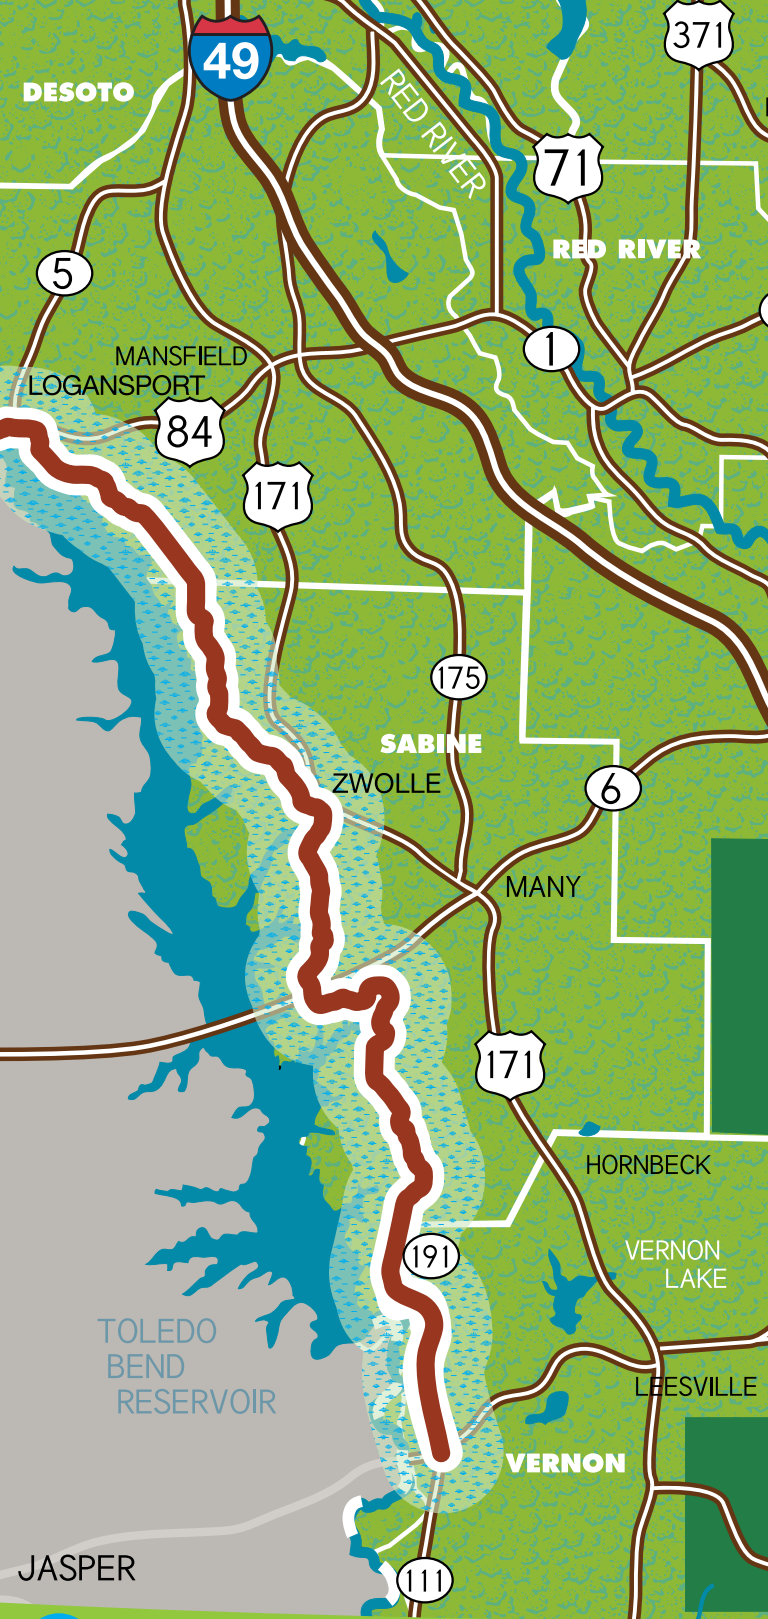

One of the special features of this park is the Visitor Center with interpretive areas and programs for children such as Buggin and Eagle Walks. The site offers 19 vacation cabins, 55 RV campsites and 5 tent sites.

## BIRDING

An abundance of public and private parks and pull over areas along Toledo Bend provide easy access for birders to view and photograph many species native to the area. Over 130 bird species have been sighted in Cypress Bend Park, Cypress Bend Resort, North Toledo Bend State Park, South Toledo Bend State Park and in the Sabine Wildlife Management Area. Toledo Bend Lake Country is an Important Bird Area (IBA) and offers a variety of habitats to a number of birds including large numbers of american white pelican, as well as bald eagle, belted kingfisher and black scoter.

The bald eagles, once the most famous birds on the nation's Endangered Species list, are making a comeback and have built extravagant nesting areas in many areas along the lake. Many other rare, threatened and endangered species are found in Toledo Bend Lake Country, including red-cockaded woodpecker, waterbird nesting colonies and a variety of coastal shorebirds and migrating birds.

Highway 171 and Highway 6, plus other arms of the byway offer links to the area towns, sights and attractions. Thirty-plus marinas and other accommodations offer visitors a wide variety of opportunities to enjoy the numerous activities available on or off the water. Beaches, state parks, a luxury golf course, a 26-mile bike trail, interpretive signage areas, observation towers at the dam and excellent opportunities for birding, including habitats for bald eagles, are accessible along the byway.

### Notable Sites Along the Byway

**Cow Bayou Wilderness Area** is an approximately 200-acre mixed pine and hardwood forest with a nearly 8-mile, figure-8-shaped ATV trail. The area is open and free of charge except for special rides throughout the year. The area is located off Highway 191 on the parish line between Sabine and DeSoto parishes. Call 318-256-4114 or 800-259-5253 for more information.

It has 0.15 miles of shoreline to fish from and 1.5 acres to explore, and is located approximately 16 miles north of the intersection of Hwy. 191 and Hwy. 6.

## Historically speaking

### El Camino Real

Designated as a National Historic Trail in 2004, El Camino Real de los Tejas (Highway 6 in Louisiana and Highway 21 in Texas) has existed for more than 300 years. El Camino Real has its easternmost beginning in Natchitoches, Louisiana, and it runs from piney woods through rolling hills to the arid lands of Old Mexico. The Spaniards and the French who marked the trail were followed by such men as Moses Austin and his son Stephen Fuller Austin (the Father of Texas), Jim Bowie, Davy Crockett, Sam Houston and early missionaries of multiple faiths. An abundance of historic sites await the modern day traveler of El Camino Real, including Fort Jesup State Historic Site.

[ElCaminoRealTrail.com](http://ElCaminoRealTrail.com)

**The Lobanillo Swales** are the largest concentration of physical remnants of the road that have been found anywhere in the United States. Here you can learn all about this historical site and walk the same path that lead to the founding of Texas! Please visit:

[ToledoBendLakeCountry.com/lobanillo-swales](http://ToledoBendLakeCountry.com/lobanillo-swales)

**No Man's Land** The Neutral Strip region, (a.k.a. No Man's Land) draws its name from the area's brief stint as an official buffer zone between Spain and the United States following the Louisiana Purchase. When the United States purchased the territory from France, Spain and the U.S. were in conflict over the boundary south of Natchitoches. In lieu of an armed clash to decide the new territory's borders, both governments agreed to remove all troops from the disputed area until boundaries could be determined, and the official Neutral Strip was born.

The region's use as an official buffer between Louisiana and Spanish Texas lasted roughly from 1806 until the 1819 Adams-Onís Treaty that established the Sabine River as the territory's western boundary.

### **Zwolle Tamale Trail**

Along the banks of Toledo Bend Lake, about 70 miles south of Shreveport, sits the town of Zwolle, home of the most delectable hot tamales. Tamales are a dish made of masa filled with pork, wrapped and steamed in a corn husk. The Zwolle Tamale Fiesta is an annual celebration of the tamale the 2<sup>nd</sup> weekend in October.
